

Representative Photographs
Of
Valhalla Site- Heim Property

Wallace Township, Chester County

Photos taken during November 21, 26 & 29, 2007 site visits

East Branch of the Brandywine Creek, from bridge on Park Lane on the northwest corner of the site

Mature Woodland (Deciduous) on the northwest end of the site, south of Park Lane

Small stand of white pine within Mature Woodland (Deciduous) area on the northwest end of site

Mature Woodland (Deciduous) which has been selectively logged, on the north side of the site, east of the large farm building complex

Emergent Woodland (dominated by tuliptrees) on the eastern end of the site, south of the large corn field

One of the two areas of Shrubs/Emergent Woodland, located just west of Devereux Road on the south side of the site

Mature Wooded Pasture just west of the farm building complex

Active Pasture Field just east of Fairview Road, with Mature Woodland (Deciduous) areas in the background, and right sides of photo

Active Pasture Fields located east of Devereux Road, with hedgerows of mature trees separating fields

Active Agricultural Field located on the far eastern end of the site

Forested Wetland that drains into East Branch of the Brandywine Creek on the northwest end of the site

Emergent Wetland within an Active Pasture Field, located just west of Devereux Road, south of the farmstead

View of the farmstead and pond that lie east of Devereux Road on the north side of the site
